The joint meeting of Woodmen of the World, held last night in the Red Men's Hall, on Bank Street, was largely attended. The committee on arrangements, of Petersburg, Appomattox Camp, of Ellick, Hager Camp, of Camp, of Prince George Courthouse, and other camps in the adjacent counties, being well represented. The object of the meeting was to receive distinguished officials of the order from a distance. District Deputy R. E. Mayes, assisted by Encouraging addresses were delivered. James W. Gentry, of Richmond, head clerk of jurisdiction "L," composed of Virginia, West Virginia, Maryland, Delaware and the District of Columbia, was the first speaker. He is chairman of the committee on arrangements for the grand rally and field day celebration, to be held at the State Fair Grounds in Richmond on July 16 and 17, and he gave an interesting account of the arrangements for that monster jubilee of all the camps in Virginia, of the varied amusements and games at the fair grounds, and of the great parade of Woodmen in Richmond at night.

Hon. J. C. Root, of Omaha, sovereign commander, and other sovereign officials, will attend the rally. A class of new candidates will be introduced at this meeting by competitive companies of the Uniform Rank.

The principal speaker of the evening was Colonel T. E. Patterson, of Chattanooga, Tenn., sovereign manager and member of the executive council, who described the growth and work of the order. There are, he said, 650,000 members of the order in the United States, and applications for membership are coming in at the rate of 10,000 a month. The order has an emergency fund of \$15,000,000 in bonds, which fund is increasing at the rate of \$2,000,000 annually. A great deal of information as to the condition of the order was given by Colonel Patterson.

Hill Camp Hall next Tuesday night, when Mr. Byrd will speak.

To Repair Flood Damage.
Maps of the damage done to the harbor and river and the Government dam at the head of the harbor by the recent flood have been made by engineers from Colonel Mason M. Harrick's office in Norfolk and estimates will be made as to the cost of repairs and cleaning out of the harbor and river. It is understood that Colonel Harrick will recommend the restoration of the dam and the removal of all obstructions in the harbor, and that the work be done at once.

The Flood District.
At the April meeting of the Council a committee representing the business men and property owners along Old and River Streets appealed for protection of their property from flood waters and for the improvement of conditions to prevent damage by future freshets.

City Engineer Budd was instructed by the council to make a survey of the flood district, extending practically from Lieutenant Run, east of the wharves, westward to the Dunlop tobacco factory, on Pike Street, with the view of making recommendations as to what could be done to remedy existing conditions and to report estimates of cost.
